

Movie of the Month: Nurture or Nature

Thursday, March 18th at 7:30

By Dr. Bruce Lipton

This movie is about how stress affects us, and the power of love to heal. When this movie is in every high school we will be on the road to wholeness. This is pure science and it is fascinating.

The Library

Dear Friends,

I am happy to report that our book sale went very well indeed. We sold just over \$100.00 worth of books. Thank you to all of you who made book contributions towards our sale.

We now have an interesting variety of new and current books for sale, all highly recommended. We are considering reducing the number of Science of Mind magazines, since we are having quite a significant quantity left over each month. This Sunday I will take a count (during announcements) of all those who wish to purchase each month to get a better idea of how many to order.

My love and blessings to you all,
Thelma

The Positive Living Centre of Victoria Centre News

Kim's Korner

Thoughts on Prayer to Contemplate:

New thought is built on a foundation of prayer. Emerson, one of the key educators of our New Thought leaders, said "Prayer is the contemplation of the facts of life from the highest point of view." Prayer treatment is not trying to make something happen, it is rather a communion with God. We sit in contemplation of man's Oneness with the Intelligence, which brings all things into form.

Blessings, Kim

March Speaker

Rev. Cam J. Hamoline is Pastor of The Centre for Conscious Living, an independent New Thought Centre in Winnipeg, Manitoba. He serves as a New Thought minister, licensed and ordained by the International Alliance of the Churches of Truth.

He serves his spiritual community through writing, speaking, teaching and conducting workshops. His emphasis and passion are on finding ways to make abstract spiritual principles useful and practical in daily life.

Reverend Hamoline's ministry is devoted to learning and teaching how immutable spiritual law works in our universe and how to make practical use of this knowledge, helping to elevate the consciousness of the human race.

Rev Cam will be speaking Sunday, March 14th at 11:00 am. Then join him at 1:00 for a two hour workshop on his book, "Peace in Time."

President's Remarks

Now that we have the AGM behind us we can begin a new year with some new faces on the Board. Congratulations and welcome to our new Board members; Janet Lewis, Christie Rerrie and Angie McNabb.

We were all sorry to see the departure from the Board of Jim Scott, Rick Mckelson and Jennifer Tennant, each contributed largely to the success and achievements of the administration of our Centre. We thank them for their commitment and look forward to their continuance of effort for the welfare of the PLC.

The Board is looking forward to the new energy that has inspired the current members and we look to this year to complete some unfinished business and to institute a program

for this year. This may be repetitive but it is none the less a continuation of the commitment.

(a) Thanks to Jennifer's work, our sound system improves almost weekly and it is hoped that we will shortly have some good news for the hard of hearing in our Community.

(b) We are looking forward to the planning of our program for this coming year and we will keep you informed as we move forward with any developments that we propose to undertake.

We presently have a very generous and loving Community which is vibrant and joyful every week thanks especially to Louise and the soloists who are all giving us joy and praise each Sunday, they just seem to get better each week. We are truly blessed. Growth will be our "catch phrase" this year as we look forward to the expansion of our Community with joyful anticipation.

And so it is.
Tony Dann,
President of the Board
